Located 480 miles south of Miami, the Cayman Islands is recognised as one of the premier international financial centres in the world. With more than USD 700 billion on deposit in Cayman banks, the jurisdiction ranks as the world's fifth-largest financial centre.

Over 40 of the world's top 50 banks have established branches or subsidiaries in Grand Cayman. All of the leading accounting firms are also on-island, and several world-class law firms add to the centre's professional infrastructure.

The Cayman Islands have a strong reputation for sensible regulation, professionalism, confidentiality, tax advantages, asset protection, political stability, solid infrastructure and geographical location. There are no taxes on income, profits, assets or capital gains and no exchange control regulations in the Cayman Islands.

As a highly regarded financial jurisdiction, firm measures have been taken by the Cayman Islands Government to protect and to enhance the reputation of the Islands as a base for financial operations. The Cayman Islands banking system is closely supervised by the Cayman Islands Monetary Authority, helping to maintain the reputation of the Islands as a well monitored and respected banking centre.

Our office in the Cayman Islands provides a complete range of international financial services for both international corporate and private clients.
