A. Background and Proposal

1. Background

In September 2017, the Issuer raised Bonds in an approximate amount of SEK 50 million. The main purpose of the Bond issue was to finance the construction of the second phase of the project in Tandådalen (the "**Project Tandådalen**"). The Bond proceeds were also used to refinance previous loans which were incurred for the purpose of acquiring the Project Tandådalen, to an upstream loan to the parent company for development of the projects within the Group and part of the proceeds were deposited on a blocked account to finance interest payment on the Bonds during the first 12 months.

On 1 March 2019, the Issuer exercised the extension option in the Terms and Conditions and thereby postponed the Final Redemption Date to 1 September 2019.

2. Current status of the projects

The second phase of Project Tandådalen has been completed and sold. However, both the first and second phase of Project Tandådalen has suffered from increased costs which has decreased the profit margins of the project. This is partly due to the lack of a guarantee from an external lender which was intended to be received, which has resulted in an increase of costs being attributed directly to the project. Costs for projecting and construction have also been higher than what was initially expected, partly due to delays and partly due to variable parts in the construction agreements. The time delays have also resulted in additional interest costs. In conclusion, the margin of the Project Tandådalen has been consumed. Once the Issuer recognized that the costs had been increased to an extent that repayment of the Bonds would no longer be feasible using the remaining earnings, the Issuer decided to acquire additional projects. The purpose of the acquisitions was to carry out additional constructions and through earnings from these new projects create repayment capacity for the Bonds.

In addition to the above, Lisa Gramh Borg, one of the two main owners, suffered from a serious car accident in March 2018. Lisa was limited in her ability to work during the remainder of 2018 and as a result her responsibilities with regard to refinancing solutions and financing of future projects were put on hold. Lisa has now recovered and is working with the forthcoming projects.

3. The plan ahead

The Issuer has learned from the projects that have been completed. The Issuer is proud of the end product that has been delivered, but has also taken a number of measures to ensure that future projects will have a better financial outcome. For instance, the timetable for access to the houses shall be determined at a later stage in order to better match the construction contract and avoid delayed access to the houses for the buyers. The Issuer will also only sign turnkey contracts with a fixed price and without an index to avoid cost increases. Cost control will be better with a closer follow up on the projecting and function responsibility of the total contractor. The Issuer shall also strengthen its own organization with regard to construction managers and finance / administration. Quotes from new contractors with a fixed price on future projects shows that the previous projects would have kept their margin should they have had a fixed price, i.e. the initial calculations were reasonable but the element of variable cost ended up being more expensive. Going forward, the new contracts will eliminate that risk.

The Issuer has for some time worked towards obtaining external loan financing to be able to refinance the Bonds in connection with the final redemption date. The Issuer is also involved in advanced discussions with potential partners who through capital injections would be able to repay the Bonds. These refinancing options have not yet been finalised and the Issuer is therefore in parallel investigating other possible refinancing alternatives.

To that extent, the Issuer has mandated JOOL Markets to work out a new overarching transaction structure for the group, with the aim to handle the Bonds and remaining assets of the Group. If and when such new transaction structure has been set, the proposal will be presented to the Bondholders for their approval.

In order to have sufficient time to finalize the discussions with the external investors and/or the new transaction structure by JOOL Markets, the Issuer is asking for an extension of the Final Redemption Date to 1 December 2019.

The Issuer regrets the situation that has arisen but is determined to fulfil its obligations to the Bondholders in the best way possible. The Issuer sees a future where it can continue to develop housing, mainly in the Swedish mountains where the concept and the end product have been well received by the customers so far. This is made possible by experience from previous projects and strengthened organization and structure for future business.

4. Request for approval and consents

The Issuer hereby kindly asks the Bondholders to approve that the Final Redemption Date is extended until 1 December 2019 and that ordinary interest shall accrue on the Bonds until final repayment (the "Request").

B. Decision procedure

The Trustee will determine whether replies received are eligible to participate in the Written Procedure, continuously calculate the replies provided in respect of the Request and determine the result of the Written Procedure as soon as possible based thereon.

Once a requisite majority of consents of the Adjusted Nominal Amount for which Bondholders reply in the Written Procedure have been received by the Trustee, the relevant decision shall be deemed to be adopted, even if the time period for replies in the Written Procedure has not yet expired.

Information about the decision taken in the Written Procedure will be sent by notice to the Bondholders, published on the websites of the Issuer and the Trustee and published by way of press release by either the Trustee or the Issuer.

Minutes from the Written Procedure shall at the request of a Bondholder be sent to it by the Issuer or the Trustee, as applicable.

IF THE REQUEST IS APPROVED BY THE WRITTEN PROCEDURE IT WILL BE BINDING ON ALL BONDHOLDERS WHETHER THEY PARTICIPATED IN THE WRITTEN PROCEDURE OR VOTED AGAINST THE REQUEST OR NOT, IN ACCORDANCE WITH THE TERMS AND CONDITIONS.

Voting rights

Anyone who wishes to participate in the Written Procedure must on 29 August 2019 (the "Record Date"):

- (i) be registered on the Securities Account as a direct registered owner (*direktregistrerad ägare*);
or
- (ii) be registered on the Securities Account as authorised nominee (*förvaltare*),

with respect to one or several Bonds.

If you are not registered as a direct registered owner, but your Bonds are held through a registered authorised nominee (*förvaltare*) or another intermediary, you may have two different options to influence the voting for the Bonds.

1. You can ask the authorised nominee or other intermediary that holds the Bonds on your behalf to vote in its own name as instructed by you.

2. You can obtain a power of attorney or other authorisation from the authorised nominee or other intermediary and send in your own voting form based on the authorisation. If you hold your Bonds through several intermediaries, you need to obtain authorisation directly from the intermediary that is registered in the Securities Account, or from each intermediary in the chain of holders, starting with the intermediary that is registered in the Securities Account as authorised nominee or direct registered owner.

Whether one or both of these options are available to you depends on the agreement between you and the authorised nominee or other intermediary that holds the Bonds on your behalf (and the agreement between the intermediaries, if there are more than one).

The Trustee recommends that you contact the securities firm that holds the Bonds on your behalf for assistance, if you wish to participate in the Written Procedure and do not know how your Bonds are registered or need authorisation or other assistance to participate.

Bonds owned by the Issuer, any other Group Company or an Affiliate do not entitle the holders to any voting rights and are not included in the Adjusted Nominal Amount.

Quorum

Pursuant to Clause 16(i) of the Terms and Conditions, a quorum in respect of the Written Procedure will only exist if a Bondholder (or Bondholders) representing **at least fifty (50) per cent** of the Adjusted Nominal Amount reply to the Request.

If a quorum does not exist, the Trustee shall initiate a second Written Procedure, provided that the relevant proposal has not been withdrawn by the Issuer. No quorum requirement will apply to such second Written Procedure. At the option of each Bondholder, a voting form provided at or before 16.00 (CET) on 19 June 2019 in respect of the Written Procedure shall also remain valid for any such second Written Procedure.

Majority

Pursuant to Clause 16(g) of the Terms and Conditions, **at least sixty-six and two thirds (66 2/3) per cent.** of the Adjusted Nominal Amount for which Bondholders reply in the Written Procedure must consent to the Request in order for it to be approved.

Final date to vote in the Written Procedure

The Trustee must have received the votes by mail, courier or e-mail to the address indicated below no later than by **16.00 (CET) on 17 September 2019**. Votes received thereafter will be disregarded.
